corporate social responsibility.

Founded in 1878, Geiger is the largest privately held and family-owned promotional products distributor in the world. Geiger combines five generations of experience and wisdom with forward-thinking practices and significant investments in its employees, technology, communities, and the environment. Our philosophy and values are deeply rooted in everything we do.

ELECTRICITY - OUR SOLAR PANELS

We have the largest solar array of any private company in Maine, eliminating about 320,000 pounds of carbon pollution from fossil fuel-producing power plants every year. The array consists of 696 panels and generates all the power used at our corporate office and distribution center.

AWARD WINNING BUILDING

The energy efficient and sustainable design of our headquarters has achieved the prestigious Leadership in Energy and Environmental Design (LEED) Gold Certification and Maine Advanced Building status.

CARBON NEUTRAL SHIPPING

The carbon emissions of every UPS shipment from our suppliers or to our customers is calculated and fully offset. We are one of the top-10 carbon-neutral shippers in the U.S. to have this relationship with UPS and have purchased these offsets for more than a decade!

Geiger's values include treating every person with the same fairness and dignity we would want for ourselves. We recognize that we're stronger when we all feel empowered and valued. Both as individuals and the company as a whole, we seek to be leaders in education, charity, and civic affairs.

GIVING BACK

We are dedicated to supporting organizations that create a positive impact. Geiger gives back to the communities in which we work, live, and do business. Local offices and associates work tirelessly to raise money for local and national charities, volunteer at various organizations, and otherwise get involved in causes that matter.

TURNING PAPER INTO TREES

Our relationship with our printing firm includes planting a tree whenever we use a certain amount of paper in our printing machines.

RECYCLING

We recycle cardboard, glass, plastic, and paper at our corporate offices. We also contribute to an account that supports area schools by cashing in returnable bottles and cans.

WORK AT HOME PROGRAM

Geiger allows and encourages associates across the country to work remotely, saving an estimated 20,000+ gallons of gasoline annually.
